ORDERING INFORMATION & TERMS

Spring 2019

Dear Atlas Authorized Dealers and Distributors,

Welcome to the Spring 2019 Atlas ASMC dealer/distributor edition of product Announcements and Arrivals. This All Scales Monthly Catalog (ASMC) is the core of our guaranteed pre-order system. Prior to the start of supplier production, Atlas announces to authorized dealers, distributors and e-subscribers that we are ready to take orders. This notification comes in the form of the ASMC which focuses in on the current month's planned and specified announcements and allows dealers and distributors to place guaranteed pre-orders for those specific products by a given date.

Again this month, dealers and distributors will be receiving a Consumer (MSRP only) Edition of the ASMC that can be displayed for customers, as well as an "Official Pricing and Ordering" Edition that is confidential, with quantity discount pricing order forms. This allows you to display the Consumer Edition while keeping the other for your ordering purposes. You can also view and reserve monthly releases, in stock products, track & accessories via our online store, shop.atlasrr.com. Atlas authorized dealers and distributors are also encouraged to distribute copies of the Consumer Edition to their own proprietary consumer lists–both physical and electronic—to help promote awareness of these new product announcements and arrivals.

This month's ASMC an Easter basket overflowing with exciting announcements and arrivals in all scales. We have the all new N 50' Single Sheathed Box Car being announced in N scale, along with runs of the N U23B Locomotive, 45' Containers, 60' Passenger Cars & Sets, the N Beer Can Tank Car and handcrafted lights. For HO modelers we have favorites such as the HO REA Express Reefer and the Trainman® Aluminum Coal Gondola, plus some other special goodies like the U23B's and 45' Containers for your modeling pleasure. O Scale isn't about to be outdone with runs of the O Evans Double Plug Door Box Cars and the always popular O 40' Wood Reefer. Did we mention the brand new O Operating Oil Pump and the new O scale book we'll be publishing? No? Well you can find that in there too, along with 3D Printed Accessories in all scales and much, much more!

We hope that you and your customers have a happy Easter and Passover, and as always, thank you for your continued support of Atlas!

Sincerely,

Tom Haedrich
Chairman of the Board

PRE-ORDER INFORMATION: Atlas GUARANTEES pre-orders if placed by Friday, June 7th. Orders placed after that date are accepted but subject to availability. Atlas pre-orders allow dealers/distributors to guarantee customers immediate delivery upon release. Atlas does not charge for pre-orders until the product is shipped. Quantity discounts apply to the purchase of individual item numbers. Items cannot be combined to reach respective discounts. Atlas reserves the right to cancel any item number that does not meet minimum order quantities.

PAYMENT & SHIPPING TERMS (USA AND CANADA): Open order payment terms with credit approval, 2%/35 days. We accept Visa, Mastercard, American Express and Discover. All credit card payments are 2%/10 days, net 35. Pro forma payment terms, with approved application, credit card payment. A 3% S&H fee will be added to orders of less than $2,500 of shippable merchandise. Orders of $2,500+ of shippable merchandise are freight prepaid. Shippable merchandise is defined as customer ordered product, received by Atlas and available to ship. Available merchandise will not be reserved or held; any in stock items can be combined with shippable merchandise for lower shipping & handling fees. Prices and terms are effective upon publication, but are subject to change without prior notification.

	TOTAL PIECES ORDERED						

PROTOTYPE INFORMATION:

The "nodding donkey", or pumpjack, is a common sight across the rich oil-producing regions of the United States. Whether grouped together in fields of hundreds or standing alone, the slow rocking motion of these visible parts of the vast underground oil extraction process typically extract between 2 to 12 gallons of liquid per stroke, unattended, 24/7, every day of the year, making them extremely cost-effective to install and operate. Their unique shape and motion have also inspired generations of creative artists to add paint and sheet metal to transform many examples into whimsical creatures, which have become staples of small-town tourist attractions. This release of the Atlas Operating Oil Pump includes both standard and artist-inspired color versions, as well as a "basic black" canvas for you to create your own menagerie.

MODEL FEATURES:

- Fully Assembled and Wired
- Realistic operation
- Colorful, prototypical paint schemes
- Operates on DC or AC power (8-22V)

NEW AND IMPROVED!
